DCU TRANSITION YEAR OPEN DAY

Tuesday, 30th April 2019

Glasnevin Campus: 9.30 – 14.30

WELCOME

Welcome to DCU Transition Year Open Day 2019. We hope this Open Day will help you gain an understanding of what university is all about, to start you thinking about your future and the effects of your behaviour and attitudes towards learning. We want to provide you with a desire and confidence to research and ask questions – to know that no question is a 'silly' question.

General Talks

- Awareness of specific subject requirements for a DCU course
- Know the value of researching all there is to know about a course e.g. lecture hours, tutorials, how the course is assessed [exams/assignments/ presentations/ group work]
- Have an expectation of the skills required for the transition from second level to third level
- Gain knowledge on the possible careers for graduates of a DCU course
- Know the value of holding a third level qualification - job prospects will improve with a degree
- Get a feel for the campus that you may be studying on for three or four years
- Gain advice on how to manage your study and social activities
- Information on accessible routes into college (HEAR/DARE)
- Information on sport and academic scholarships
- Encouragement to believe in yourself to make things happen

Our Open Day activities will help you explore what DCU has to offer. You will find out more about our fantastic degrees and learn about the excitement of student life on our DCU campuses.

Information Points

There will be an Information Point in each of the buildings where course presentations take place (see campus map for locations).

Look out for our Student Ambassadors (wearing "Can I Help?" tops) and members of staff who will be pleased to help you and direct you to the Open Day Information Points and presentations.

DCU offer 68 undergraduate degree courses in the areas of Business, Languages, Arts, Humanities, Science, Health, Engineering, Computing, Education and Teaching. The presentations will provide a brief overview of course content, work placements and career prospects. Each presentation will last 30 minutes and will be repeated throughout the day. For example, if you are interested in attending the Accounting and Finance talk, go to room QG15 in the DCU Business School (Q) at 10.00am or 11.00am or 12.00pm or 1.00pm.

DCU Student Ambassadors will deliver a 'college experience' presentation providing a snapshot of the realities of studying on a particular course - hours spent in lectures, tutorials, assignments - their own experiences of overcoming difficulties and the support they have received. This information will hopefully be of benefit to you, ease your concerns and help you prepare for the transition from second level to third level.

Demonstrations / Displays / Tours

Selected Schools within the Faculty of Science and Health will be holding demonstrations in the foyer of the Lonsdale Building – location X on campus map.

For those interested in DCU Nursing courses, there will be a tour of the Nursing Skills Centre at 12.00pm, and 13.30pm, departing from the foyer of the School of Nursing and Human Sciences Building – location H on campus map.

If you have an interest in a career in broadcasting, the School of Communications will provide guided tours of the Media facilities including the TV and Radio studios directly after the School of Communications presentations (Communications, Journalism and Multimedia) in room CG12, Henry Grattan Building – location C on campus map.

There will be tours of the DCU 'Moot Court' (a mock court where law students argue imaginary cases for practice) for those of you interested in a career in law, directly after the law presentations in room C104, Henry Grattan Building – location C on campus map.

Foreign language skills are in demand and may provide you with a competitive edge in your future career. Check out the many opportunities that DCU offer to study languages as part of their Business, Teaching and Humanities degrees. The languages on offer in DCU are French, German, Spanish, Chinese or Japanese. Why not take a tour of the newly refurbished language labs directly after the Applied Language and Translation Studies presentations in room CG05, Henry Grattan Building – location C on campus map.

The Faculty of Engineering and Computing will also be showcasing a wide range of demonstrations in the Stokes Building – location S on campus map, in the areas of Mechanical and Manufacturing Engineering and Electronic and Computer Engineering.

General Talks

General presentations will take place in two locations this year – Helix (location Z) and Larkin Lecture Theatre (T101) (location T on campus map). Topics covered will offer advice that will benefit you wherever you decide to study.

The general talks taking place in the Helix include the importance of developing professional transferable skills through involvement in Extra Curricular activity, the power of a mentor, and advice on '*pushing your boundaries*'. We are delighted to welcome Timmy Hammersley, Engagement and Participation Officer, SpunOut.ie who will be giving advice on "As a Young Person how to find your voice" in T101 at 10.15-10.45am and 11.45-12.15pm.

General Support Stands

In the 'U' Student Centre, you will have an opportunity to meet representatives from the following areas:

- Student Recruitment (Schools Liaison)
- DCU Sports and Wellbeing
- Disability and Learning Support Service
- Access Service
- Student Life
- Gaisce - The President's Award
- Science Foundation Ireland
- SpunOut.ie

If you need help in deciding how to make the most of your day or you are having difficulty understanding the guide, please make your way to the Student Recruitment stand in the 'U' and we will be happy to help you.

Campus Tours

Student Ambassadors will be providing campus tours at regular intervals throughout the day departing from the DCU letters in front of the Helix (or join in with a group en route) – location Z on campus map.

Catering Facilities

There will be a selection of hot food, drinks (including Starbucks in-house coffee) and snacks to purchase in the main Student Restaurant. The Londis supermarket will also be open.
